

AAIMS - ABORIGINAL AUDIO IN MEDIA SCHOLARSHIP APPLICATION FORM

In recent years MOSMA has gained valuable response from our industry with specific regard to the minimal number of Aboriginal audio professionals in Canada. In an attempt to improve this presence, MOSMA has introduced the AAIM Scholarship; for successful applicants, this scholarship offers a significant financial award towards tuition for the Audio in Media programme intake for which the applicant is accepted, it is meant to assist the student's financial budget and or funding. Our aim is to encourage creative individuals to nourish their talents and begin their professional careers in a vibrant and challenging industry. In addition, MOSMA has begun collaboration with various Aboriginal organizations with a specific focus on providing experience, exposure, and further skill development to our Aboriginal grads after completing the programme.

We have confidence that this scholarship along with our continued collaboration with supporting organizations, will help realize our goal in fostering a strong presence of Aboriginal professionals within the Audio Production Industry in Manitoba and across Canada.

**Applicants must already be accepted to the Audio in Media Programme before applying. Each school year there will be two scholarships awarded to successful applicants.*
