

Youth Workshop Series | Workshop Guideline for Youth Participants

SOUND FOR PICTURE

This workshop will occur over a 5 hour day and will focus on recording and mixing sound for visual media. Participants are introduced to a professional studio setting and the workflow of recording dialogue, collecting sound effects and mixing; primarily learning the recording & mixing process utilising tools and practices current in the industry. This workshop offers insight and hands-on experience in one field of Audio Production and presents the benefit of technical training for a prospective career in this and other fields throughout the Audio Production Industry such as Music Production, Live Sound, Radio Production, and other Visual Media like Television and Games.

Fee: Free to Youth aged 16 - 21 years old

Date: Saturday, February 02, 2019

Time: 10:00 AM to 3:00 PM

4. If selected to participate, you will be emailed a confirmation regarding the status of your submission.

COMMITMENT

MOSMA developed its Youth Workshop Series to encourage exploration of creative careers specifically in Audio Production. Though these workshops are at no-cost to participants, much time and effort is dedicated to organising and facilitating the events. To ensure the continued availability of these workshops as an economical resource for youth, we ask that each applicant commit to attending the dates of each workshop. Event wait-lists are common; we want to make certain that every space available is an opportunity for an individual to explore.
